Approximate date you wish to close on your tax credit purchase and anticipated purchase price*:

- _____ January 2016 – April 2016 (86% of face value of tax credits for purchases of at least \$20,000)
- _____ May 2016 – July 2016 (87% of face value of tax credits for purchases of at least \$20,000)
- _____ August 2016 - October 2016 (88% of face value of tax credits for purchase of at least \$20,000)
- _____ November 2016 – January 2017 (89% of face value of tax credits for purchases of at least \$20,000)
- _____ February 2017 – April 15, 2017 (90% of face value of tax credits for purchases of at least \$20,000)

Purchases of tax credits with face values between \$10,000 and \$20,000 will have an additional 3% added to the going rate of tax credit sales. For example, if \$15,000 of credits were purchased in September 2016, the cost would equal 88% + 3% for a purchase price of 91% of face value.

NOTE: Credits will be matched in the order that you register; therefore, the earlier you register, the better the chances you will get credits at your discount and timing preferences.

* Please note that prices are subject to change based on market conditions.
